

PRODUCT INFORMATION

• FlexZiBox®

The FlexZiBox® by NORDENIA launches flexible packaging to new heights, offering next generation technology, including the finest rotogravure printing available and creative solutions to our customers' product and marketing needs.

From product-focused structures, to high value package features, NORDENIA's FlexZiBox® technology and customized service will take you from a commonplace container to a package with an alluring shelf presence that attracts today's consumer.

Whether your business is pet food, lawn & garden, dry foods, or industrial products, come to NORDENIA and experience the confidence and cost control that only a global, integrated, single source provider can offer.

THE FLEXZIBOX® ADVANTAGE

The FlexZiBox® is a premium package that will distinguish and differentiate your product and offers convenience features your customers demand. It's the only flexible package that offers you perfectly registered, high impact graphics on all sides, including the bottom display panel. The FlexZiBox® stacks or stands tall on the shelf. It can even be left on the pallet and set on the retail floor to make an instant end-cap.

FEATURES	BENEFITS
<ul style="list-style-type: none"> All Panels Print Registered Front/Back/Side/Bottom Simple, uncomplicated layout 	<ul style="list-style-type: none"> Maximum Visual Impact Additional billboard space Attracts Consumers

THE TURNKEY

New to plastic? Converting from rigid or multi-wall? FFS to Premade bags?

NORDENIA can provide a complete turnkey approach to convert you from your current package to the FlexZiBox®. Our engineers will provide the correct package structure, size the FlexZiBox® to your product fill, provide recommendations and contacts for the best filling equipment or arrange for toll

packaging. They will follow the initial production and scale-up from graphic preparation through the filling process.

As your business grows, NORDENIA will continue to be a resource for new, innovative FlexZiBox® features, improved structures, and recommendations for upgraded and faster filling lines. NORDENIA is your partner for success in today's competitive marketplace.

NORDENIA NORTH AMERICA

SERVICE

Success in today's marketplace means not only is your product on the shelves when the consumer is ready to buy; it must stand out against the competition. Only NORDENIA guarantees you'll get the best design, graphics, innovative package, consumer features—and product protection along with total attention to delivery dates.

World Class Customer Service is a NORDENIA core competency. From the initial exchange of graphics files and order entry, through the processing and shipment, our experienced customer service reps follow your product to make sure it's where you want it, when you want it. We use sophisticated inventory management and web-based information systems to track, manage, and communicate the progress of your order. And, we customize these systems to your needs.
